## CATCH NOTED BANDIT

New York Officers Arrest Chief of Italian Secret Society.

FORCED TO FLEE FROM ITALY

Killed His Rival for Leadership of the Camorra and the Police of Naples Made That City Unsafe for Him. May Be Set Free.

New York, April 22.—A police raid on an obscure resort in the underground world of the East Side has brought to light the romantic story of an Italian bandit, a fantastic Neapolitan Rob Roy of great secret power, who, fleeing from his native country to escape arrest for assassination, came to America to wield the same power which was his abroad. The man is Enrico Alfano, called "Erricone," head of the mysterious "Cammeristi Di Napoli," or Camorra, an Italian organization of terrorists. When the police raided an East Side den one night last week Alfano was discovered crouching in a corner seeking to escape the glare of the policeman's lantern. He has been held without bail on the charge of murder but unless the necessary requisition papers have arrived from Italy or some representations are made from Rome to the government at Washington it seems likely he will be given his freedom.

Death was the punishment of one Cuccolo, a pretender to the position of ruler of the Cammeristi, and Alfano is declared to be the slayer of his rival. The pretender was lured to a forest where he was stabbed to death. It is claimed, by Alfano and his conspirators. Then the murderer was condemned. Alfano and his men called at Cuccolo's home and when the woman opened the door she was stabbed, her body pierced by a dozen slender shafts of steel. The assassinations spurred the gendarmes of Naples to exceeding activity. Alfano and his conspirators, always protected by the far-reaching Camorra, seemed immune from prosecution. Indeed, he was held by the populace as a demigod.

Possessed of Mystic Powers, free to roam at will unharmed because enveloped with some divine authority, invulnerable as to bullets and impossible of capture. With its stronghold at Naples the Camorra stretched out in all directions, carrying on systematic terrorism, robbery, blackmail and other forms of crime, a huge and fine spun web to enmesh many victims, which was directed always by Alfano and which always safeguarded him from misadventure. Then suddenly Alfano disappeared. The scene changes quickly to America and to the Italian settlement of New York. The Camorra like the mafia thrived and was feared here, too, with all its sinister machinations which baffled the police and even the Italian detectives. By the New York Camorra the chief was greeted with many honors. A feast was prepared in recognition of the coming of the leader and Alfano was banqueted at the Pastrochi. But this feast was his undoing. He was spied upon by a follower of the murdered pretender and the word was passed to Petrosini and Archipoli, New York's Italian detectives. Their subsequent descent upon the East Side underground resort ended the bandit's liberty.

Alfano is young, not much over thirty-five, and of lithe and graceful build. The utmost endeavors of the police to discover Alfano's headquarters here have been futile. They realize, however, that powerful influences are with him in his present predicament and they are not at all certain that they can hold him for extradition.

## CAUSED BY A CIGARETTE.

Explosion Destroys a Factory and Fatally Injures Two Persons.

Chihuahua, Mex., April 22.—An explosion which is attributed to a lighted cigarette stub carelessly thrown aside totally destroyed La Sultana, an extensive fireworks factory, caused a property loss of \$200,000 and fatally injured two of the employees of the plant, shook the buildings of this city on their foundations and spread terror among the people, who fell to their knees uttering prayers to be saved from what they thought was an earthquake.

The injured persons, neither of whom can recover, are Juan Martilla and Gertraudino Barretan.

## Quarrel Leads to Suicide.

Lexington, Ky., April 22.—Thinking he had killed his son whom he had flogged in a quarrel, William Robinson, thirty-five years old, of Stamping Ground, walked into a room adjoining the one in which he had quarrelled with his son and blew out his brains, dying instantly.

River Steamer Runs Into an Ice Floe on the Neva.

UNKNOWN NUMBER PERISH

Police of a St. Petersburg Suburb Declare That Thirty-one Persons Were Drowned—Accident Occurred During a Snow Storm.

St. Petersburg, April 22.—Twenty-five persons are believed to have been drowned by the foundering of the river steamer Archangelsk while she was crossing the Neva near the suburb of Irinovka.

The accident occurred during a snow storm when the steamer struck an ice floe.

Owing to the thickness of the weather the accident was not seen from the shore, but the shouts for help of those in distress attracted the crews of two steamers, which hastily went to the scene only, however, to find that the Archangelsk had foundered. A number of her passengers, mostly workmen, were rescued, but owing to the swiftness of the current many others were swept under the ice floes.

There is no means of establishing definitely the number of victims. The passage across the river was short and no count was made of the passengers, but according to the police of Okhta, a suburb for which the steamer was bound, thirty-one persons are missing—all workmen or small merchants of the humbler classes.

The Archangelsk was an old iron steamer open forward and roofed over astern in the form of a cabin. She was condemned as unseaworthy last fall but the owner was able to have the ban removed and the vessel placed in service. The crew was made up of three inexperienced men, the captain and pilot having formerly been a baker. All three of the men were saved.

The steamer had scarcely any ballast and when she ran sidewise on a big floe she careened and immediately filled and sank. The catastrophe was over inside of three minutes. Those who were not picked up immediately sank beneath the icy waters. One man scrambled onto an ice floe and was carried down stream for a mile. The wreck was located lying on the bottom of the river scarcely 100 feet from the shore, whither it had been swept by the swift current. It was impossible for divers to descend owing to floating ice.

The banks of the river were crowded all day with friends and relatives of missing persons looking for bodies, but none was recovered. It is prob-

able that the dead have been carried down stream for miles. Feeling runs high against the boat owner and threats have been made to lynch him.

## COLLISION OF TRAINS.

Results in Death of Two Men and Injury of Twelve Others.

Birmingham, Ala., April 22.—Two dead and twelve injured is the result of a collision on the Southern railway at Woodlawn Junction. A southbound freight train entering the yard limits found itself without power on the main line.

A passenger train some hours later ran into the rear of this train, though it is claimed a flagman was sent back to protect the freight. A wrecking train leaving the city yards to clear another wreck ran into the Woodlawn Junction wreck. The dead are: Cal B. Harris, fireman on wrecker; Tom Beverly, brakeman on wrecker.

## BAD FIRE IN CEDAR YARDS

Geo. A. McKinley & Co.'s Cedar Yard Badly Scorched Sunday Afternoon

ABOUT 500 POLES BURNED

Loss is Estimated at From \$1,200 to \$1,500—Loss Covered by Insurance

What threatened for a time to be a very nasty fire broke out in the McKinley cedar yards near the dam Sunday morning about 10 o'clock. Luckily it was on the east side of the yard and was confined to where it started by heroic efforts on the part of the employees of the yard and a number of volunteers. Water was hauled by teams from the river and the fire thus kept from spreading. As it was there were about 500 poles burned causing a loss of from \$1,200 to \$1,500. The fire was got under control about 1 o'clock in the afternoon. The loss is fully covered by insurance. It is supposed that someone walking through the yard dropped a cigar stub or match and the gale of wind then blowing fanned it to a flame in a very few moments.

Mr. McKinley states that it is a little uncertain as to whether the insurance policies covered the portion of the yard in which the fire occurred or not and as the policies are in the Mankato office it is impossible to tell at this time.

## CONFERENCE CLOSED SUNDAY

A Very Interesting and Profitable Meetings Characterized last Days of Methodist Conference

The Brainerd District conference, which has been in session since last Thursday, which brought to the city some forty delegates from the surrounding counties, closed last evening at the Methodist church with a sermon by Dr. Sam P. Long, of Minneapolis. On Saturday evening the church was well filled to hear the eloquent Dr. Robert Forbes, of Philadelphia, give his lecture on "Greatest Light of the Eighteenth Century," and which proved to be the illustrious John Wesley, the founder of Methodism in Oxford University. Dr. Forbes gave many quotations from Macaulay, Green, Southey and other historians concerning the character, the scholarly ability, the leadership of John Wesley, and the entire lecture proved to be highly interesting to all.

The pulpit was occupied on Sunday morning by Dr. Robert Forbes, the church being crowded to hear him. The sermon left a profound impression upon all who heard it.

The afternoon platform meeting was largely attended, addresses being given by Rev. R. G. Green, Verndale; Rev. L. S. Koch, Motley; Rev. Geo. P. Watson, Little Falls; Rev. S. P. Long, D. D., Minneapolis, and Rev. Dr. Copper.

The Epworth League Rally was also excellently attended with a large crowd of young people, and several visiting clergymen giving addresses.

Dr. S. P. Long, preached an eloquent sermon on Faith last evening, and with it finished the District Conference.

A set of resolutions were read and carried last night complimenting Brainerd on its hospitality, the Methodist church for its excellent program and THE DISPATCH for its excellent notices of the Conference.

Most of the clergymen left for home on today's trains.

MISS GJERSTEN.

"Miss Gjersten's radiant vitality and her stage poise impressed the audience favorably and secured a hearing of the most flattering order. She possesses a voice rare both in its purity and sympathetic quality. Temperament she evidently has, and her sense of the dramatic is very strongly developed. This, however, does not prevent a most sincere, sympathetic and moving reading of the simple songs of saddest mood. Youth, strength, voice, charm and beauty, all are hers and there is little doubt Miss Gjersten could succeed in opera were she to undertake it. After every number and every appearance the soloist was presented with beautiful bouquets of gorgeous flowers."—Minneapolis Journal. At the First Congregational church Wednesday evening, April 24, under the auspices of the Ladies Musical club.

## TO MANUFACTURE NEW THERMOSTAT

C. A. Walker Engages in New Enterprise in Coeur d'Alene, Idaho

BOUGHT HALF OF PATENT

And will Assist in Manufacturing Device for Regulating Heating by Electricity

The Spokane Evening Chronicle contains the following under a Coeur d'Alene date line:

"Coeur d'Alene is to have another manufacturing institution. Last November L. G. Copeman, a local electrician, was granted a patent on a thermostat and has spent the time since in improving it. It has been pronounced a great success by all who have examined it, and several large manufacturers in the east have tried to secure control of it. It is the only instrument of the kind registered at the patent office and is intended to control the temperature of all electrically heated apparatus. The dial is set for the temperature desired and when that is exceeded the current is automatically turned off, being switched on again at a fall of four degrees, saving two thirds of the current used and preventing the burning out of the mechanism. C. A. Walker has become interested in the invention and has just bought a half interest in it for a consideration of \$6,000 cash, and these two gentlemen are now making arrangements for the manufacture here, and expect to have a factory employing a number of men in full operation by June. Not only will they take care of the demand for the thermostats, but will manufacture all articles heated by electricity, such as ovens, flatirons, water boilers, etc. This will be the only plant of this nature in the entire northwest, and as all products they put out will be equipped with their invention, will soon command the attention of the entire electrical world."

Mrs. S. Bowen, of Wayne, W. V., writes: "I was a sufferer from kidney disease, so that at times I could not get out of bed, and when I did I could not stand straight. I took Foley's Kidney Cure. One dollar bottle and part of the second cured me entirely." Foley's Kidney Cure works wonders where others are total failures.—H. P. Dunn & Co. mwfwd

## DOCTOR'S ALL AGREE THIS TIME.

The most eminent writers on *Materia Medica*, whose works are consulted as authorities and guides in prescribing by physicians of all the different schools of practice, extol, in the most positive terms, the curative virtues of each and every ingredient entering into Dr. Pierce's Golden Medical Discovery. In fact it is the only medicine, put up for sale through druggists for the cure of all diseases of the mucous surfaces, as nasal catarrh, throat, laryngeal, and bronchial affections attended by lingering, or hang-on-coughs that has any such professional endorsement—worth more than any amount of lay or non-professional testimonials.

Do not expect too much from the use of Dr. Pierce's Golden Medical Discovery. It will not work miracles. It will not cure consumption in its advanced stages. No medicine will. Nor is the "Discovery" so good for a sudden attack of acute cough, but for the lingering, obstinate, hang-on-coughs, accompanying catarrhal, throat, laryngeal and bronchial affections, it is a most efficacious remedy. In cases accompanied with wasting of flesh, night-sweats, weak stomach and poor digestion with faulty assimilation, and which, if neglected or badly treated are apt to lead to consumption, the "Discovery" has proven wonderfully successful in effecting cures.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes of the catarrh, whether of the nose, throat, larynx, or of the stomach, bowels or other organs. Even in its ulcerative stage it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

If you have bitter or bad taste in the morning, poor or variable appetite, coated tongue, foul breath, constipated or irregular bowels, feel weak, easily tired, despondent, frequent headaches, pain or distress in "small of back," gnawing or distressed feeling in stomach, perhaps nausea, bitter or sour "risings" in throat after eating, and kindred symptoms of weak stomach and torpid liver, no medicine will relieve you more promptly or cure you more permanently than Doctor Pierce's Golden Medical Discovery. Perhaps only a part of the above symptoms will be present at one time and yet point to torpid liver or biliousness and weak stomach. Avoid all hot bread and biscuits, griddle cakes and other indigestible food and take the "Golden Medical Discovery" regularly and stick to its use until you are vigorous and strong.

Foul, impure blood can be made pure by the use of Dr. Pierce's Golden Medical Discovery. It enriches and purifies the blood thereby curing, pimples, blotches, eruptions and other cutaneous affections, as eczema, better, or salt-rheum, hives and other manifestations of impure blood. In the cure of scrofulous swellings, enlarged glands, open eating ulcers, or old sores, the "Golden Medical Discovery" has performed the most marvelous cures. In cases of old sores, or open eating ulcers, it is well to apply to the open sores Dr. Pierce's All-Healing Salve, which possesses wonderful healing potency when used as an application to the sores in conjunction with the use of "Golden Medical Discovery" as a blood cleansing constitutional treatment. If your druggist don't happen to have the "All-Healing Salve" in stock, you can easily procure it by enclosing fifty-four cents in postage stamps to Dr. R. V. Pierce, 663 Main St., Buffalo, N. Y., and it will come to you by return post. Most druggists keep it as well as the "Golden Medical Discovery."

Not only does the wrapper of every bottle of Dr. Pierce's Golden Medical Discovery, the famous medicine for weak stomach, torpid liver or biliousness and all catarrhal diseases wherever located, have printed upon it, in plain English, a full and complete list of all the ingredients composing it, but a small book has

been compiled from numerous standard medical works, of all the different schools of practice, containing very numerous extracts from the writings of leading practitioners of medicine, endorsing in the strongest possible terms, each and every ingredient contained in Dr. Pierce's medicines. One of these little books will be mailed free to any one sending address on postal card or by letter, to Dr. R. V. Pierce, Buffalo, N. Y., and requesting the same. From this little book it will be learned that Dr. Pierce's medicines contain no alcohol, narcotics, mineral agents or other poisons or injurious agents and that they are made from native, medicinal roots of great value.

Some of the most valuable ingredients contained in Dr. Pierce's Favorite Prescription for weak, nervous, overworked, "run-down," nervous and debilitated women, were employed, long years ago, by the Indians for similar ailments affecting their squaws. In fact, one of the most valuable medicinal plants entering into the composition of Dr. Pierce's Favorite Prescription was known to the Indians as "Squaw-Weed."

Our knowledge of the uses of not a few of our most valuable native medicinal plants was gained from the Indians.

As made up by improved and exact processes, the "Favorite Prescription" is a most efficient remedy for healing ulcerations, regulating all the womanly functions, correcting displacements, as prolapsus, anteversion and retroversion, overcoming painful periods, toning up the nerves and bringing about a perfect state of health. Sold by all dealers in medicines.

It's an insult to your intelligence for a dealer to endeavor to palm off upon you some nostrum of unknown composition in place of Dr. Pierce's world-famed medicines which are or known compositions. Most dealers recommend Dr. Pierce's medicines because they know what they are made of and that the ingredients employed are among the most valuable that a medicine for like purposes can be made of. The same is true of leading physicians who do not hesitate to recommend these medicines, since they know exactly what they contain and that their ingredients are the very best known to medical science for the cure of the several diseases for which they are recommended.

With tricky dealers it is different.

Something else that pays them a little greater profit will be urged upon you as "just as good" or even better. You can hardly afford to accept a substitute of unknown composition and without any particular record of cures in place of Dr. Pierce's medicines which are or known compositions and have a record of forty years of cures behind them. You know what you want and it is the dealer's business to supply that want. *Insist upon it.*

## WOULD LEARN THE TRUTH

"Next Friends" of Mrs. Eddy  
Make a New Move.

Concord, N. H., April 22.—Counsel for the plaintiffs in the suit brought by relatives as "next friends" of Mrs. Mary Baker G. Eddy against Calvin H. Frye and others, including officers of the Christian Science church, to secure an accounting of Mrs. Eddy's estate, have made public a letter which is alleged to have been sent by them to Mrs. Eddy's counsel, General Frank S. Streeter, on March 12. According to attorneys for the plaintiff, no answer to this letter has been received.

The first part of the letter refers to the claim made by the "next friends" that Mrs. Eddy is of infirm mind and unable to understand and protect her property rights and contains some quoted denials from General Streeter and others of this allegation. The letter then continues:

"In view of these denials we have the honor to ask you to assent to certain steps designed to ascertain the truth concerning Mrs. Eddy's present and past condition and to expedite litigation.

No Access to Mrs. Eddy's Presence.

"Unfortunately we have not the free access to Mrs. Eddy's presence as you have and we should reluctantly undertake to force our witnesses into her house under circumstances which might prove disturbing or injurious to her—notwithstanding the confidence of yourself, Mr. Baker and other gentlemen that she is capable of so much labor and endurance as you have described.

"But you have the free right of entrance to Mrs. Eddy's house and can readily secure admittance and interviews with her or the witnesses by whom her condition of body and mind is to be established in the pending legal proceedings.

"We therefore propose that you select three competent gentlemen and we select three others and that, at various convenient hours, the six be allowed to visit Mrs. Eddy and by observation and conversation qualify themselves to be witnesses for or against our contentions; no one but these six persons to be allowed to talk to her and not more than six additional persons, selected in the same way, to be permitted to be present. Shorthand writers may attend to take down all that is said or may be excluded and nothing taken down, as you prefer. Of course we do not suggest that other proper persons shall not see Mrs. Eddy at suitable times.

"We are confident that you and the counsel for the defendant will welcome the offer of ours as purposing a wise and considerate method of expediting litigation."

The letter is signed by William E. Chandler, Martin and Howe and John W. Kelley as counsel for the "next friends."

## DROP IN TEMPERATURE.

Damages All Kinds of Fruit in Eastern Colorado.

Denver, April 22.—A sharp drop in temperature followed the snowstorm in Colorado, 14 above zero being recorded by the weather bureau in both Denver and Pueblo and fruit of all kinds in Eastern Colorado was effectually nipped in the bud. While damage to the fruit in this state may amount to several million dollars, nearly all other crops will be greatly benefited by the moisture.

## DANGER IN DELAY

Kidney Diseases are too Dangerous for Brainerd People to Neglect

The great danger of kidney troubles is that they get a firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, head ache, nervousness, lameness, soreness, lumbago, urinary troubles, dropsy, diabetes and Bright's disease follow in merciless succession. Don't neglect your kidneys. Cure the kidneys with the certain and safe remedy, Doan's Kidney Pills, which has cured people right here in Brainerd.

Mrs. S. Brain, of 601 S. 10th St., Brainerd, Minn., says: "I could not do otherwise than endorse Doan's Kidney Pills and time after time I have recommended them to persons suffering from kidney troubles. I learned the value of this remedy through experience. When I first got Doan's Kidney Pills at H. P. Dunn & Co.'s drug store I was suffering from severe symptoms of kidney complaint. There was a constant dull aching in my back and the kidney secretions were irregular and distressing. From both these causes my rest was broken at night and in the morning I was usually languid and all tired out. Doan's Kidney Pills made a great change in my condition and after continuing the treatment I was so vastly improved that I felt warranted in recommending this remedy through the local papers. I have never changed my mind about Doan's Kidney Pills and have also found that Doan's Ointment is unequalled for itching and bleeding hemorrhoids. Both these preparations should be known to every sufferer."

## BRYAN AND HUGHES.

Colonel Watterson Picks Them for Presidential Nominees.

New York, April 22.—Colonel Henry Watterson, who has arrived here from Europe, said that William Jennings Bryan seemed to be the only man in the running for the Democratic nomination for the presidency.

"I think that organized Democracy at the present time can see no other alternative except Bryan," he said. "Nobody is being seriously considered except him. Nobody except him is seriously considering running."

"I do not believe President Roosevelt wants a third term for himself. I know he recently stated that if the convention nominated him and adjourned it would have to reconvene, as he would never accept another nomination. I am willing to take him at his word."

Colonel Watterson declared that Governor Hughes was a force to be reckoned with in Republican politics. "I predicted last June," he said, "that Hughes would succeed Roosevelt in the White House. I have in my pocket a ticket in the Paris mutuals calling for 100 to 1 that Hughes will be the next president of the United States."

## ROCKEFELLER'S BIG GIFT.

Will Be Used for the Education of the Chinese.

Louisville, Ky., April 22.—The Rev. Dr. Carter Helm Jones, pastor of the Broadway Baptist church and a close friend of John D. Rockefeller, announced during a mission sermon that plans for a forthcoming princely gift by the millionaire and which has been hinted at heretofore are practically complete.

"I can say to you, not for publication," said Dr. Jones, "that the greatest benefactor of the Baptist church has about completed arrangements for a gift of the sum of \$50,000,000 for the education of the Chinese."

When questioned after the sermon Dr. Jones refused to qualify his statement or give any details, contenting himself with admitting that it was correct. The money presumably will be devoted to mission schools.

## THREE MEN INJURED.

Acetylene Gas Tank Explodes in a Garage at Oshkosh, Wis.

Oshkosh, Wis., April 22.—Three men were injured, two seriously, a large automobile was wrecked and the front of the Krueger automobile garage was blown out by the explosion of an acetylene gas tank. The injured are: Frank Blum, Bart Homan and Frederick Streich.

## The Health of Mind and Body

The mind is dependent on the brain, and the brain in turn is a bundle of nerve cells, which are nourished and sustained by pure, rich blood. Hence, the absolute necessity of supplying the elements from which the blood is made.

These elements of Nature which go to form new rich blood and revitalize wasted and depleted nerve cells are found in splendid proportions in Dr. A. W. Chase's Nerve Pills.

By using this great prescription you supply the material substances from which are formed brain and nerve-force.

It may take weeks or even months thoroughly to restore your health with Dr. A. W. Chase's Nerve Pills, but you can be absolutely certain that every dose of this great restorative is at least of some benefit to you.

The healthful complexion, the well rounded forms, the energy and elasticity of movement characteristic of persons who have used Dr. A. W. Chase's Nerve Pills are the strongest evidence of their wonderful restorative influence. 50 cents a box, at all dealers, or Dr. A. W. Chase Medicine Co., Buffalo, N. Y.
